

# QUALITY POLICY

## 1 General provisions

**Fundamental purpose of the company:**

**We help the successful ones to belong among the best. By the good transport of goods we increase the prosperity of customer, suppliers, our company and its employees.**

**General purposes:**

- We help customers to efficiently transport goods by international freight.
- We help carriers make the best of their own trucks
- We provide stable work, regular and sustained income for all employees, executive and business owners.

## 2 Company management commitment

The company's management undertakes to fulfill all the stated objectives of the Quality policy included in the strategic plan of the company and to use all necessary means and effort.
